Wallpaper Background

Specs vary	1	All	3,000/mo
------------	---	-----	----------

Tight repeat pattern suggested for best visibility. Viewing monitor size will dictate how much wallpaper displays. Will not display on most mobile and some tablet sizes.

Sponsorship Banner (Sponsorship of Special Features such as blogs. The banner appears on the linked page. Ask your rep for availability.)

Rapid blink ads: 15% additional charge

* It is standard practice to replace these horizontal ad units with a mobile-optimized 320x50 unit when viewed on a phone. This also allows for the opportunity to have a separate desktop vs. mobile design.

A note on ad sizes: Many smartphones, tablets, and laptops feature high-definition screens, such as retina displays, that offer a higher ratio of pixels per inch, meaning some images may appear fuzzy on these displays.

Files must be gif or jpeg, and no more than 60k. Please e-mail all ads directly to April McLynn at amclynn@streamlinepublishing.com, along with the click-through URL. Call for available positions on Daily Headlines and Website.

MATERIALS-DUE SCHEDULE: All ads or classified copy with instructions are due at least three business days prior to the posting date.

PLEASE NOTE: Recognizing the generally established principle that rapid-blink banners are a click-out factor with online viewers, animated ads should change faces at a rate no greater than every five seconds. Tile and banner ads must have either a solid-color background other than white or a thin line outlining the edges of the ad.
